Depending on the number of applicants and the level of preparedness, the exam date may be changed by the Admission Commission, in agreement with the Partner Organization, by June 24, 2025. 27. Applicants must bring their exam admission ticket and a valid passport or ID card to the exam venue on the scheduled date and time.

28. Admission to the exam is granted only after verification through a Face-ID system by the assigned responsible staff.

29. If an applicant is on the list of those authorized to take the exam but fails to present the required documents or cannot be identified by Face-ID, the responsible staff may allow participation after a separate verification process.

30. The selection exam is conducted in English, in collaboration with the Partner Organization, covering Mathematics and Logical Reasoning.

31. All materials related to the exam (question papers, answer sheets, etc.) are classified as confidential information. Their confidentiality is ensured by the Partner Organization and the Admission Commission.

33. The Partner Organization will provide applicants with detailed information about the exam content to aid in preparation.

34. The total time allocated for answering the selection exam questions is 120 minutes.

35. The exam will take place in designated centers with video surveillance and other technical monitoring equipment.

36. Answers must be marked using a black pencil.

37. Each applicant will be provided with:

a) 2 (two) black pencils

b) Drinking water

c) A question booklet

d) An answer sheet

e) Additional draft papers (if deemed necessary by the Partner Organization)

38. No later than 10 calendar days before the exam date, the Working Group ensures that the exam booklets and answer sheets (provided by the Partner Organization) are securely packaged and sealed for each exam center.

39. The assigned responsible staff member will receive the sealed package one day before the exam and deliver it securely to the exam venue, ensuring its confidentiality and integrity.

40. At the beginning of the exam, the responsible staff member opens the sealed package in the presence of applicants and proctors assigned to the exam venue.

41. During the exam, the use of any prohibited materials or devices listed in Appendix 4 is strictly forbidden by both applicants and proctors.

45. The exam venues and any other organizational processes not specifically mentioned in these Regulations will be regulated by the decision of the Admission Commission.

46. Applicants who possess a valid international certificate (as per Appendix 2) are exempt from taking the selection exam. Their selection score will be based on the relevant subject score listed in the certificate, after its authenticity is verified. However, such applicants may still choose to participate in the exam if they wish. If there is a difference between the result derived from the international certificate and the score achieved in the selection exam, the higher score will be considered.

## **Chapter 4. Formation, Announcement of Selection Exam Results, and Admission**

47. The selection exam results are presented in percentage format.

48. The results of the selection exam will be announced by the Partner Organization on July 31, 2025, excluding applicants whose results were based on international certificates.

49. On the day of the selection exam results announcement, the Admission Committee will generate:

- The list of selection exam results, and

A preliminary list of applicants eligible to apply for state grants. The state grant amounts allocated to eligible applicants will be displayed in their personal accounts.

50. Applicants who score at least 50% on the selection exam may be recommended for admission.

51. If the number of recommended applicants exceeds the officially approved admission quota, they will be divided into the following categories based on their school type and exam score:

- a) Applicants recommended within the quota;
- b) Applicants recommended outside the quota.

In case of a tie in scores:

1. Preference is given to applicants with a higher English proficiency level (according to Appendix 5);

2. If the English level is also the same, the earlier submission date of the documents is considered;

3. Applicants recommended outside the quota are placed in the waiting list.

52. The Working Group sends a conditional offer letter through the applicant's personal account within five (5) working days after the announcement of the exam results (except for Presidential School graduates).

53. If the applicant's results are based on an international certificate, the conditional offer may be sent before the official deadline based on the following:

- a) If the result corresponds to 100%, the applicant may be admitted on a state grant according to legislation;
- b) If the result is below 100%, the applicant may be admitted on a full tuition (contract) basis. After the selection exam results are finalized, the conditional offer may be converted to a state grant based on legal provisions.

54. For graduates of Presidential Schools, a confirmation document will be sent to their personal account within three (3) working days after their documents are accepted.

55. The confirmation document must be signed and uploaded to the personal account by July 15 of the current year.

56. Within five (5) working days from the day the conditional offer is sent, the applicant must pay a guarantee fee of 4 million UZS to the University's account. This amount may be revised based on the number of applicants and decisions of the Admission Committee.

57. The guarantee fee is refundable in the following cases and timeframes:

- If a 100% state grant is awarded, the fee will be refunded within two months after the academic year begins (excluding cases where the student is dismissed during this period);

- If the applicant pays the full tuition via education loan, they must submit a refund request to the University. After full payment and receipt of the request, the refund will be made within 10 working days;

- If a refund request is submitted within three (3) working days after payment, the fee will be refunded within 10 working days of the request.

58. The guarantee fee is refunded to the bank card specified by the applicant.

The request must be accompanied by a copy of the cardholder's passport or ID card.

60. The guarantee fee is non-refundable in all cases except those outlined in Clause 57.

61. If an applicant recommended within the quota fails to sign the confirmation document, does not pay the guarantee fee, or voluntarily declines admission, they will be removed from the list. Their spot will be given to the next applicant in line from the waiting list.

62. The Working Group regularly updates the list of applicants recommended within the quota. Once a candidate from the waiting list is moved into the quota, they will be sent a conditional offer the same day via their personal account.

They will have three (3) working days from that date to pay the guarantee fee.

63. If an applicant who was previously removed from the list later requests re-inclusion:

- Applicants with less than 80% will be placed at the end of the waiting list;
- Applicants from Presidential Schools or with more than 80% will be placed at the top of the waiting list.

64. The Working Group will finalize the list of admitted students within the quota no later than the first five (5) working days of the 2025/2026 academic year.

### **Chapter 5. Appeals Process**

65. Applicants may submit an appeal regarding the selection exam results through their personal account within three (3) working days of the results being announced. This period may be extended by a decision of the Admission Committee.

66. Appeals will be registered and reviewed by the Admission Committee within five (5) working days. A formal decision will be issued, and the applicant will be notified via their personal account on the same day.

67. If the appeal is upheld, the selection exam results will be re-evaluated and updated accordingly. The decision of the Admission Committee is considered final.

### **Chapter 6. Final Provisions**

68. Amendments and additions to this Regulation may be made by an official order of the University Rector, except in cases specified within the Regulation itself.
